Commercial Loan Officer

Southwest Initiative Foundation is seeking a Commercial Loan Officer to originate, underwrite, and manage commercial loans and business financing programs. This role works directly with entrepreneurs, applicants, and community partners to structure and negotiate financing solutions, guide loans through closing and servicing, and manage a diverse loan portfolio. The position also ensures compliance and reporting for multiple state and federal programs while providing practical business technical assistance to support borrower success.

This role requires a solid foundation in credit analysis, commercial finance, economic development, small business operations, and entrepreneurship, as well as experience with government-funded lending programs and their compliance requirements.

This is an opportunity for a mission-driven finance professional who wants to make a meaningful impact through access to capital and small business success. We encourage you to apply at <https://swifoundation.org/whats-new/careers/>.
